Description

The Fisher Scientific FBG45RSLA is a 45 cu. ft. (1274L) upright laboratory refrigerator designed for semi-critical sample storage in non-corrosive, non-flammable environments. Featuring a vapor compression system with eco-friendly R290 refrigerant and adaptive defrost, it maintains a temperature range of 2°C to 10°C with a 5°C setpoint. The unit includes eight adjustable wire shelves, a digital eye-level controller, and safety features like remote alarm terminals and a power failure alarm. Certified by cULus and ENERGY STAR, it operates quietly at 47.5 dBA, making it ideal for indoor lab use.

Specifications:

Capacity: 45 cu. ft. (1274L)
