Description

!!!SOLD!!!

This Hoshizaki F450MAH ice flaker produces 475 lbs of ice a day and a built in 260 lb storage bin has CleanCycle12™ design which allows Hoshizaki flakers to automatically purge water from the bottom of the evaporator every 12 hours. This dependable design feature keeps the unit clean by washing away impurities, thereby reducing the threat of food-safety problem. Comes w/6" legs & is very clean.
