Description

The VWR Analog Rocker is designed for gentle mixing of samples, providing a reliable and compact platform for various applications. With control knobs for speed, tilt, and time, the user can easily make adjustments while the unit is in motion.

Specifications:

Platform Size: 14 x 11 inches (35.6 x 27.9 cm)

Speed Range: 0 to 60 RPM

Orbital Motion: 1 inch (2.5 cm)

Power: 115V, 60Hz

Applications: Perfect for mixing solutions, staining and destaining gels, hybridization procedures, hematology, suspending cells, and gentle agitation in biochemistry and molecular biology tasks.

Comes with our 90-day warranty.
